

## Social Justice / Culture of Life

The social justice committee assists parishioners with social justice concerns in our world. They may assist with petition drives, organize parishioner attendance at events in San Diego County, partner with the youth ministry, and assist the parish in selecting worthy charitable institutions for almsgiving.

Social Justice concerns the dignity of all humans, preferential treatment for the poor, and respect life issues.

Queen of Angels Parish is seeking to grow this ministry. We are currently seeking a few parishioners who feel called to this ministry.
